And also, where are your bruises?” Claire said. “That’s not the point. The only part I'm happy about is that I'm still thriving, and you're still the same loser that you were in elementary. I always win, Claire” Oliver laughs. As he walked away from Claire. Engel doesn't say anything, he just continues to silently cry as more tears stream down his face. "I don't want to be alone…" Engel said. "I just… sad all day long… I don't know what to do.." he said sadly. He hugged Bubble. Engel starts to sob into her arms, feeling sadness and grief. "I have no to say! I feel like i'm gonna-" i cover his mouth. "You know that you try to do this? That means that you're are not alone. That you're parents are still here. It been so long that you're not even at this moment for decades that you're alone because Claire is still dead." i said to him. I walked down stairs

to the kitchen. I found something… a bag of lays chips on the table? I look at Engel's Mom. "why the heck is a bag of chips is here on the table?" i said. "Engel does not want to eat it. He thinks that he didn't eat it at that time. I think that Engel was full in his stomach." Engel's Mom replied. "We tried to make him happy, but it got worse." Bubble said to me. "We don't know yet. We try like mcdonalds to make him happy, but it failed." Engel's mom replied. "What are we going to do?" i said so nervous." Well because of this, his only feelings such as grief, depression, and any thoughts of her. She liked him he she was a kid back in 2008. I don't know what to say." she said. "We don't know why is Circle, Thavel and Bloomie are trying to do. They almost killed her. And Alice killed her that she was tricked by the bullies." she continued. "What about Zip, Edward and Oliver? Where are they at? Wait a minute… i think they went to Someone's 18th birthday."

i said. “We can-” then i see Alice eating a bag of chips with her claws and her hands. “Alice! Whoa whoa whoa! Slow down while you eat!” i said to her. Alice eats a whole bag of chips. “Yummy.” she said. I looked at Bubble. She walked upstairs to her room. Engel looked at me with a stare for about 15 seconds. He walked into his room. I walked out of his house with a wave a Engel’s mom. Soon, at home. Me and Alice are in my room talking and laughing at this. “Dinner!” my dad Waylon said. We went down to the dinner table and Alice sees her dinner plate. “Gonna eat this.” Alice grabs a plate and its her dinner fast in 25 seconds, and burps. “Well, I think I was doing that for sure.” she said and walked back to my room. After dinner around 9:45 PM, Alice leaves my house waving goodbye. later at 11:50 PM at night. I woke of the sound of a whisper. “Wake up…” i hear sounds like a ghost. I looked at the door. It was opened with one light outside of my room.

The door slammed shut again. “Not again!” i said. I looked at the side of the my bed. I see a ghost with greenish and black eyes and white pupils. It was Claire as a ghost, stalking me. I screamed and i fall down onto the floor. I stand up. She was gone. Then my Mom Madison rushed to my room and open the door. “What the hell just happened? Why did you scream?” Madison said angrily.“ I saw a ghost near my bed. I said “a… GHOST?!!?” Madison yelled in shock. “You need to sleep! It’s late! Go back to bed!” Madison walked away and closed the door. I lay down on my bed and I closed my eyes. I imminently dreamed something. Maybe for that.

"Why i have my powers like Alice does?" i said. "Bloomie! You cause anything in science class, don't you?" Miss Grace said.

“I’m sorry Grace… it got gone wrong and failed.” Miss Bloomie said to him. “Listen to me Bloomie! You know you cause this thing gone so wrong! I hear explosion that i heard. That’s the point! looked to the right at the deep hallways with T shaped room. I looked to the right. It was dark. I looked to the left. It was safe. I walked to the left deep hallway. Some of the hallway lights are flickering. I see a message on the wall. "What's this?" i said. I walked to it and it reads 'WE ARE THE PHANTOMS, WE WILL HAUNT YOU.' i looked so scared. I walked to a classroom and i see some a lot and dozens dead bodies in the classroom. I can't count them. "Oh my goodness." I said. I walked out of the classroom. I looked left and i see phantoms same students. "H-h-hello?" i said. Then suddenly. Miss Circle grabs me and runs with me. "Don't run that area-" then Ghost Abbie bites Miss Circles leg. "UGH FUCK! Miss Bloomie said. "Well, there's one thing." Miss Grace sighs. "That this person named 'Lincoln Artanatds' who survived this in 2010 after he failed a test. someday, his family moved to Missouri. But around 2011 when he was 18… well, he got into a worst case-scenario that he was a victim and died in the 'Joplin EF5 Tornado'. One student that i don't remember that name. And he escape from The Paper School by failing a test, and he did not came back that he moved to the different high school. Anyone have questions?" she continued. "It will be a long time." i

There’s might be ghosts in the building” i said to him. “We’re not sure if it was haunted, or something like that.” he said continued. “What if…. It was haunted and shut down?” i said to everyone. “100% perm closed!” Miss Grace said knowing the answer. “How did you know

if there's ghosts are in the building?" i said. "Well, there's some paranormal movements and seeing of chairs, doors, lockers, and more. Maybe if anything of it. I try to text Dad and he did not reply." Miss Grace said. "Well, i try to ask my Parents for this. And they try to told the police, but, there not interested. So, my friend George bought a recorder from his home making sure where those noises and voices are coming from." "good idea!" Miss Grace said. CHAPTER NINETEEN
TUESDAY, SEPTEMBER 20TH, 2016

I went to The Paper School, i walked to Miss Circle's classroom. I sat near Robby. "How is going, Leo?" he said. We looked at Engel, he is just shaking. "Is everything okay Engel?" Miss Circle said. "N-n-no." he replied. "Something is wrong in my mental health…" Engel said looking very depressed. "Engel… i think you're thinking about Claire?" i said to him. "It was only not even me…. It was not even yet…" "i saw him in the hallway, She was still here as a ghost and the phantom." i said to him. "P-p-p-p-phantom and the ghost?" Engel said to me. "Class, we have like 2 minutes. Finish your tests." Miss Circle said. After math class, i walked to Mister Demi's class. About 10 minutes later, a cup has moved. "What the heck is going on with the cup?"

Mister Demi said. “Did it moved by itself?” i said. “I think so.” he replied. The cup moved on its own and the cup falls down his table and breaks. “Looks like there might be a ghost in here.” after class. We did doing some pooltime, i was not knowing if i can so. “So? Did you find any ghosts in here?” Oliver said. “Well, i think it was still there, and i think i was not know if there’s a phantoms in there. I don’t know if this place was closed.” i said to Oliver. “Leo. listen to me. If you see any ghost or phantoms, you need to get away from them, they might kill you, or trap you. That’s how i learned about somebody has gone inside of the tunnel in Thunder Bay.” Oliver said. “You’re right.” i replied. “I need to find any truth of it.” i said. After Pooltime, we went to Miss Grace’s Office to find something out. “Is there a way to find of this of your dad?” i said to Miss Grace. “Well, i think…. He has recordings in his own lockers. Those are tapes.” Miss Grace replied and drops

some tapes on the desk. "The first killers of teachers is Landon Gomez, Carter Collins, Mila Rogers, and Wesley Martin. Three of them got retired and all of them replaced by Luke Torres, Natalie Patel, Nora Ortiz, and Leilani Carter, at the year of 1996, i become a principal of The Paper School. So, from 2008, three teachers are replaced by Kikagaku Circle, Hoa Bloomie, Olen Thavel, and Alice Malvora. Well, my brother has his son, Oliver." she said. "That's my aunt!" Oliver said. "Listen to this." Miss Grace plays a tape of Ryan Grace.

"It was only them that anyone before. The only one for it. That i'm making. Today it's September 3rd, 1966. My construction workers are making something big, and larger… 'Fundamental Paper School!' The Largest school in Canada in Papervill! I have my own activities and many more, and we make sure to put RULES on it. Maybe it stays open with no closing times such as Labour Day, and other things. It will be finished until 1 year in

1967. If you see this recording of the tape or hear this. And leave me alone. Never do this, and *yells* DO NOT EXPOSE TO THE PUBLIC!!!"

Ryan said in the recording and yelling at the end. "Here is another recording of it of my Brother." she said any plays the recording.

"This is Josephine Grace here. *takes a deep breath* so many students are killed that they failed a test. I was wondering that i was not sure if i can see anymore for it. There's 50 deaths in a couple weeks. I was not sure for it. It was April 20, 2010, one student, Lincoln Artanatds, i saw him coming out of the building. He ran up to me, he talked to something is going. I immediately called the police to let them know. The police arrived at the school, they found his friend, Tommy Wood, who was killed by Miss Bloomie. The Police said to me. That said if student failed a test. The victim will get into a

death penalty if they fail. I was not sure. I'm a 41 year old guy around here. I have 2 children. I warned them to not enter the paper school. About that time, i told my wife to tell her what happened. I was not sure if anyone around here. If anyone see this… i will not reply to you."

Josephine said in the recording. "So… as i was saying, here's a recording of Jevin blackserters. What i'm about to play, is absolutely terrifying. She said and plays the recording.

" (Indiscernible) "

The sound of Jevin muffling and screaming in pain and being stabbed to death by Miss Bloomie.

"Well, you can see about this, about that i'm not gonna show you more recordings of it because it's too disturbing for me to play it." Miss Grace said. "Okay?

how we know if we can find something in The Paper School?" i said. "Well, dad said that there's may rules at The Paper School like starting in 1967 that four teachers have weapons, not guns but sharp thing to kill, such as Iris reed, Noah Walker, and Owen Lewis, they imminently killed every student, and one child who has failed to make something at Art." she said "WHAT?!" Me and Oliver said. "How is that possible?!" Oliver said. "Well it's all know itself. I think at this moment. Just in time. My dad was evil. He did some drugs at his house without everyone noticing. Like i was your age Leo, i walked into his room and i see some mess on the floor in the living room and i yelled at him to clean it up, but he didn't because he was strict at me. I cleaned the mess at once." Miss Grace said. "Your dad was strict? How did you know if you had a parent is strict?" "or a strict mom and dad?" Oliver said. "Well, dad grew up in a strict household and had multiple behavior issues

such as OCD, ADHD, ODD, and PTSD at the young age of 12 when he was a kid. When he was a teenager at the age of 14, he imminently killed his sister's hamster, and hid it in the backyard and buried it. But his mom found it. His parents trying to ground him, but it didn't work. When he grow up at the age of 18 and 20. He killed an unnamed person at his new home, and he buried it of his body in his backyard. Soon, he created The Paper School like he said." Miss Grace said continue. "What about his killings?" i said. "Well, his killings was first of his own what i said. About those teachers if students fails, it will engage for a kill and belong to Ryan." she said. "I will know of you. I will ask you any updates on it Miss Grace." i said to her. "Thanks, i will keep a eye on that." she replied to me.

CHAPTER TWENTY
MONDAY, SEPTEMBER 26TH, 2016

I came back from The Paper School, i sat down on my bed for it. “Dinners ready!” my dad said. I walked downstairs to eat dinner. “So, you tell your principal about her dad? How is that possible that he turned evil?” my dad said. “Well, he grew up in a strict household.” i replied. “Strict household? What the heck did he grow up at the strict household?” my dad said to me. “I don’t know, just search it up or something. I said. “Okay my answer is yes that it reads ‘it is possible to grow up with strict parents, and it can have various effects on a child's development and well-being. While some studies suggest that well-defined rules and expectations can lead to well-behaved children, particularly during their younger years, others highlight potential negative consequences such as

anxiety, low self-esteem, and difficulty building healthy relationships.' that's is the point of it." my dad said. I finished my dinner. "I was not sure if i had to this and i can do something like that." i walked to my room, i sat down on my chair and i look my discord messages on my PC. "hmmm… that's… okay?" i said. Then i got a phone call… it was… Engel? I answered the phone. "Hello?" i said. "This is Ian or Engel's brother here." Ian replied to the call. "Ian? How old are you?" i said to him. "13." he replied. "Ian, did you or did you not tell Engel's permission to use his phone?" i said to him. "I'm sorry, he is dead." my core struck after Ian said it. "Dead? What did you mean he was dead?" i said to him. "He was very very depressed, i saw him grabbed the knife from the kitchen and walked to his room. I hear stabbed from his room. I walked in his room, i was traumatized. I yelled my Mom, she come up here and she sees his body, and she freaked out and told my dad

to see it. My dad sees his body. He called 911 and he was took to the hospital, but she didn't make it. The police and doctors found out of his cause of death was suicide by stabbing himself in the heart and chest with the knife." he said. "W-w-w-what?!" i said in shock. "B-b-b-but, how did he killed himself with the knife because of CLAIRE?!" I continued. "Well, he was right, He missed Claire so much." "okay? Can i go to The Paper School to see what 's going on in the restricted area? I will ask Nathan know." i said "you can try. I think." Ian said.

CHAPTER TWENTY-ONE

Phantoms and ghosts time. - Nicholas Gray. The Paranormal Investigator

We went to The Paper School with my friend Nathan and his friends The Paranormal Investigators. "Ready to get spooked?" Nicholas said to the group. Darwan looked at me. "Leo, i think this will be scary about this place." he said. We walked inside of The Paper School. We see Miss Grace in the intercom. "Hello students and Leo, Oliver, Zip, and Edward, The Paranormal Investigators has arrived! I will let you know that Leo, Oliver, Zip, and Edward are NOT coming to classes. Also, Alice will come to the group as well, Thank you." we walked to the restricted area that i found. "That's dark." Nathan said. "Lets walk in here." we walked into the area. That lights are flickering and i looked around.

“Is that so horrifyingly?” Alice said. “I think so, it was so scary that me and you just if they can at this moment.” i said to her. We walked a classroom with dozens of dead bodies that we see. “Oh my god… what did they have done?” Nathan said. “I feel like that’s disturbing.” Darwan said. “What did you mean? Last time i walked out of that classroom and i see phantoms right in front of me. That’s how I remember!” i said to Darwan. “Well, we think it was not that great of that if we can so find more stuff.” he said. “Look that red text on the wall. It said with the word ‘help’ on it.” i said. “Okay… lets continued.” Nathan said. We walked around the area with flashlights. I saw my recorder. “That recorder! I found it!” i grabbed the recorder on top of the locker. “It says… red…. It means that i found a ghost?” i said. “Maybe.” Alice replied to me. I play the recording.

Engel: *sobbing*

Claire: Engel?

Engel: *looks at her* c-c-claire?

Claire: are you-

Engel: CLAIRE!!! *hugs her starts to sob into her arms*

Claire: it just me! You know? You just miss me. *she looks at him* i am a ghost and the phantom, you know? What like Abbie said!

Engel: i'm a phantom? What's is the-

Abbie: just not knowing of you.

Lana: yes! We are the phantoms!

Riley: or ghosts!

Claire: you're just a phantom. Come on! Follow us!

"Phantoms?" the group said. "What are you doing?" the voice comes from nowhere. Me and the group turned there heads around and sees some phantoms. "OH GOD!" Nathan yelled and used a EMF reader and a beep coming from and it detected red. It was a ghost or phantom.

“What the hell? Why did the EMF reader says there’s a phantom in here?” Nathan said. “Don’t move! It just friendly phantoms” i said. “Don’t move? Why the crap mean that there phantoms are not evil?” Darwan said. “There might be any change of ghosts in here.” in said. “Maybe will.” Phantom Claire said. “It was Abbie. He drawed the phantom people at the age of 8. I was knowing if i can so that i was making sure if we know for it.” she said. I grabbed a bottle of water. “Wanna do pick something?” I said. Phantom Claire picks a bottle of water with her hands. The whole group gasps. “WHAT THE HELL?!” Nathan shouted. “Thats how we pick up items. Jevin! Knock the locker to the ground!” the ghost of Jevin knocks the locker down making a loud sound. Not that loud. “What do we do? NOW?!” Alice said looked scared. “What about Miss Grace’s dad?” i said. “Well, i will tell you. It might be a letter outside of the area in the empty classroom. It needs a

key." Claire said. "Okay we will follow you." we found The Phantoms to a dark closet room. Claire looks in the chest and grabs the axe and a key to me and Nathan. "There you go. You need to find it. Go now." Phantom Claire said. We got out of the area and we found a classroom was blocked off. "KNOCK IT DOWN!!!" i yelled. Nathan knocks border door down. I open the doors with the key. It opened. We check the boxes and then... we see a letter in the box. I read it by my self

This is know as "The Paper School," right? that's the name of it. i made this building back in 1967 that i I put murderous teachers, such as if failing such as math, language, and science, and others. -Ryan Grace.

I gasped. "GUYS LOOK I FOUND!" i said to the group. The Phantoms comes in here and read the letter. "From the creator?" What the hell? Are you those bullshit that he is a murder?!" Phantom Claire said in shock and

anger. “That’s a SERIAL KILLER!” Phantom Riley said.

“Tell Miss Grace. NOW!” Phantom Claire said to me.

“I’m on it.” i said to her.

CHAPTER TWENTY-TWO
TUESDAY, SEPTEMBER 27TH - 30TH, 2016

After The Paper School. I was messaging my friends on discord asking what i found. Then, my dad opens the door. "You and my mom are gonna go to the police station to find out of this letter of this. I will tell the police because there 100% of Ryan is the serial killer." dad said. He closed the door. I was wondering what my parents will do. "I guess i will find something." i walked downstairs to make dinner. I made my own dinner, and I started to eat it. My brother walked downstairs. "Hey Leo, i just want to say that you just found, i just want to tell you that i listen to your words that for it because of Ryan?" he said. "Yes. he was a serial killer. He's about to get arrested. Days passed it was Friday September 30th, i went to The Paper School. I walked to Miss Emily's classroom. "Hello students, i just want

to tell you something. I just want you know about something of like from days that Leo's parents found a letter from the Ryan Grace, or Miss Grace's dad. The police and RCMP are tracking down. We are making sure if everyone is safe. Miss Grace said that The Paper School is closing early for any investigators are working on it. All the killings are belong to Ryan. we're making sure if everybody is okay. 3 days ago, Leo found a letter from Ryan, we are making sure as ASAP." Miss Emily said. All the students are whispering and making sure that everyone is okay. "It's a Ryan a killer?" Skell said. "What about ghosts?" Ruby said. "It's still there or no?" Edward said. After class, i walked down the hall and i see Alice standing right in front of me. "Leo… i'm just not know what you have found." she said with her hand on my cheek. "I'm just… scared for this…" Alice said looked scared. "Don't worry Alice. If Sometime if someone kills someone by a person because of it. They

will find a killer. not somebody. Okay?" i said to Alice. "Y-y-yeah…" she said and hugged me with tears on her eyes. After The Paper School, i walked to my parents room. "Is any updates?" i said. "Yes." my dad replied. "Did they tracked him down and arrest him?" "yes. The police found Ryan's home. They arrested him." my dad said to me. "What about court?" I said. "Yes. we're going to court, just you, me, and Madison. Until October 6th." he replied.

CHAPTER TWENTY-THREE
THURSDAY, OCTOBER 6TH 2016

We went to court for that day. I see some Abbie, Lana, Claire, and Riley's parents, including Miss Bloomie, daughter of Riley, Miss Circle and Miss Thavel. And Luke Torres, Natalie Patel, Nora Ortiz, and Leilani Carter, and Miss Grace, are shocked at this moment. "Okay everyone, i'm Judge Miles, i just let everyone know about this. I will tell the officers and police for this. Officer Logen and Officer Lincoln? Can you tell what happened and explain at The Paper School killings?" Judge Miles said. "Okay, the first one and the murder is 16 year old male named Axel Price, his dad dropped him off at The Paper School, about on September 5th, 1967 his family said to him that he didn't come back at 4:30 PM EDT. we arrived at the school, we saw his dead body inside of the school and

we don't know about it. We try to ask Ryan who killed him, but he said the school that if someone fails and facing a victims to the death penalty mode. Like he said about that. So, more murders popped up like from months again and again for it. About 5 years later, on June 8th 1972, a family filed a report of a missing daughter named Mia Johnson. Again we arrived at the school and same again. And now from 12 years later on August 1st, 1984, a family filed a lawsuit and try to sue the school for missing son named Adam Roberts that he did not come home and he was killed. But the sue and lawsuit didn't come up. About 15 years later, on April 1st on april fools day. A 17 year old son named Axel Williams who is a new student of the school and reported missing that he did not come back to his home. About that in 6 years later on July 2st, 2005 a first Child's death, a 8 year old boy named Charlotte Alvarez, was killed by Luke Torres after she made

something terrible at art. She was caught on picture by a 15 year old student, Neonardo Baker, who took a photo on his phone, right before she was killed. We arrived at the scene. Neonardo said that with the word quote: 'the first child murder, and very traumatized moment at the school, As they soon for look for it.' about 5 years later on June 2nd, 2010, a 18 year old Lincoln Artanatds, who would able to escape and he survived the fail and death penalty. Also, Miss Grace said to me that where he died, he moved to Missouri, United States at the age of 19. According to Miss Grace what she said in 2011 with the quote: 'The victim of Joplin EF5 Tornado,' soon, his death for it that he runs inside of his home to take shelter after 12 minutes after he recorded a EAS on his TV of the tornado warning. He went to the basement and heard a tornado roaring on top of him. The whole house ripped and slabbed to debris of rumbles of debris. He was

killed instantly. Finally, in 6 years later on September 5th, 2016, Labour Day from weeks ago. 4 or 3 families filed a report of missing 4 students named Abbie Appleseed Gonzalez, Age 16 Lana Nelson, Age 16, Riley Bloomie, Age 13, and Claire Morales Fitzgerald, Age 16. So we found out something fishy is going on about Claire. She failed a test, and accidentally went to Alice's room while trying to find an exit. And she realised it was Alice's room and she was dead by the exit door. According to Miss Bloomie, she said that she did not protect her daughter. About days later that 15 year old Bubble Roberts who was found dead in the cafeteria that she was eaten by 17 year old Oliver Grace that he eaten her because he likes soap, about a day later, after he eat dinner, he had diarrhea and vomit, because Leo was right. About that, of a 16 year old Engel Roberts, who was found dead in his room. His cause of death is suicide. About that according to Leo

and his friend and The Paranormal investigators said they found some dead bodies in the school in the 2nd floor of the restricted area. We found out that it Ryan at this point." Officer Logen explain to Everyone. "Okay, Leo is now in here." Ian said. "Ryan Sooner Grace. You have been charged and convicted with 1,572 Murders, 1,351 Attempted Murders, and 894 Child Murders. And everyone of such as teachers as Kikagaku Circle, Hoa Bloomie, and Olen Thavel. Three of them and other teachers are not charge of there crimes because of you." Judge Miles said. "What's is your problem before you turned a serial killer?" he said in anger. Ryan begin speaking. "Well, i was that age of 23 in 1965. I was able to built The Paper School, i started reading a story called a serial killer named Albert Fish and i think that i build The Paper School was built in 1966 to 1967 at this time." he said looking scared. "Listen to me Ryan. you think you turned into a

Canadian serial killer? You are been sentenced to. life. in. prison! Officer Gehaged, take him away." Judge Miles said. "Looks like your doomed, Ryan" Officer Gehaged said to Ryan.

CHAPTER TWENTY-FOUR
FRIDAY, OCTOBER 7TH 2016

Today it was a funeral day. My whole Family went there of the victims of The Paper School. “Hello everyone, my name is Officer Campbell, the agent of RCMP and CSIS, and this is my funeral worker, Bobby Zanders. and we’re all gathered here today to pay our respect to our victims of The Paper School students. Samuel Gonzalez? Can you come up to tell what about your son?” Officer Campbell said to him. “Yes. i’m a father of Abbie Gonzalez. When he was a kid, he liked to play tag, toys and watch TV about 2 to 3 hours of it. I know that i was shocked that he was dead in The Paper School.” Samuel said. “Okay. school. Leo can you come up and take over now?" Bobby said. "Well, i like to tell you guys at this. So, i feel like it was my day at this moments. The whole incidents happened at The Paper School, and i meet the phantoms and ghost while we're ghost haunting, Claire, Engel, Abbie, Lana, Bubble, and Riley. As we don't know if that was a point. Engel likes Claire because of this, after Claire was dead, he began to feel very very depressed. He was diagnosed with MDD. About weeks later, he took his own life. Just let you know, if you enter a area of The Paper School 2nd floor. Please do or not enter the area of it. Also, The Paper School victims, fly high." i explained. I walked outside and i sat down on the bench. "Hey. can we talk?" a woman said. "What?" I turned my head around. "It's me, Victoria. I'm the wife of Ryan Grace. We want to tell you that you just told us what happened that what did my husband did. The police said to me what he did do. Like

what he did?" she said. "Ellie and Greg are the parents of what they did to him. Not his sister. Both of his parents are 103 years old, They are still alive." she continued. "Yeah. we're so sorry to hear it because we're being very very very strict for it." Greg said. "Yeah. he was right. He just grew up and start to become a serial killer. That's what he wants" I said.

"I just want to tell you that ummm… that you're my Girlfriend?" she said. "Yes.." i replied to her. Alice smiled and hugged me. "Well, looks like we're having a relationship." i said.

EPILOGUE - 30 YEARS LATER

Also, i remember that on the road trip when i was a kid at the age of 11, and i see a bird wants come cheetos, i

throw it to the bird and m-m-my mom said, Leo, i don't want to engage them. "So? Are those things are crazy as your a kid or a teen?" Alex said. "Well i guess so, i remember that i met your ummm… mom that she was a monster, she lives in the room in The Paper School. i'm also the monster that… uhhhhhh… we know about that. I remember that we meet each other, fall in love, and had a first kid, Andrew! I think. Also, after we meet at The Paper School in the year of 2017. It was closed down and protected by CCTV cameras and everyone to not enter the school. Because there might be ghost or phantoms." i hear a knock on the door. "I'm

coming!" i said. I open the door. It was Robby and my friend Nathan. "What happened here Robby? i said. "He survived the fire on the final night of Chuck E cheese pizzeria at 6:05 AM. Come in here right now!" Alice said. My children and Alice hugged me. I can feel my mind about it. Alice give me a kiss for it. I feel the way in the afternoon of it, i feel the ghosts nearby.
